

Cristián Rojas

FullStack Developer

PROJECTS

2025, La Chispa Digital - Map

As part of my professional internship, I developed an interactive map using **Leaflet** in **React** with **TypeScript**, integrating endpoints to display national-level neighborhood units via **GeoJSON**, Implemented:

- *Dynamic filters for efficient navigation*
- *Interactive charts using **Recharts** for georeferenced data análisis.*

2024, Relive-APP

In-progress web application designed as a solution for event production companies. Built with:

- *Vue JS and Typescript (Frontend)*
- *Nest JS (Backend)*
- *PostgreSQL (Database)*

EDUCATION

Instituto Profesional AIEP, Viña del Mar

Programming and System Analysis,
2023-2025

Instituto Profesional AIEP, Viña del Mar

Sound Engineering Technician
GRADUATED WITH HONORS
2020 - 2022
