SUMMARY

Cristián Rojas, originally from Viña del Mar, Chile, is a sound technician seeking his first opportunity as a Front-End Developer. He graduated as a Sound Technician in 2022 from Instituto AIEP. He has recently completed a Sence certification course through Desafío Latam in Front-End Development, specializing in the Vue-JS framework. Additionally, he has completed his curricular assessment for an associate degree in Programming and Systems Analysis. He has advanced-level English proficiency, both written and spoken. He is constantly acquiring theoretical and practical knowledge through e-learning courses, deepening his learning in VueJS, Typescript, and Nest JS. He is actively seeking his first opportunity in the IT world, aiming to contribute from his experience in other areas related to teamwork, resilience, mutual support, and respect.

TECHNICAL SKILLS

VueJS – ReactJS – Javascript – Typescript

HTML – CSS – Sass – Bootstrap – PostgreSQL

NestJS – Type ORM – Firebase – C# – MVC

MongoDB
